## ALMADA MUNDO - APCA

As part of the dissemination of the COSMUS European Project, AlmadaMundo, the International Association of Education, Training and Innovation, aims to hold a presentation and dissemination session on the COSMUS project, on 28 February 2019, at 2.30 pm, lasting 60 minutes, in the headquarters of the Association of Teachers of the Municipality of Almada - Almada Senior University, partner entity of the association at the level of local, national and international projects.

The initiative is aimed at staff members of the association and aims to: sensitize the leaders to the importance of COSMUS; stimulate the creation of a community museum in the Reformed Teachers' Association; to share ideas promoting interculturality and intergenerationality, within a European dimension; recognize the memory and identity of teachers and associate students as significant heritage.
